Troy's

Troy's will be a unique and iconic addition to Texas Live!. It will combine an elevated menu experience based upon Troy Aikman's personal favorites, including gourmet burgers and specialty margaritas made from the freshest ingredients. The menu will showcase several healthy lunch and dinner options, shareable sides, craft cocktails and a curated collection of wine and beer.

The interior of the space, designed by internationally-acclaimed Jeffrey Beers International, will flow from a refined rustic interior, inspired by some of our country's best beer halls, to an expansive, lush outdoor garden patio, centered around a beautiful live oak tree which was preserved as part of the Texas Rangers construction of Globe Life Park. An indoor/outdoor stage in the middle will welcome live music seven days a week featuring a variety of local and regional acts. Additionally, Troy's will feature a major LED display for a premier sports viewing experience.
